

DETAILED ACTION

Claims 1-16 are currently pending in this application.

Reasons for Allowance

The present invention is directed to a process of preparing adiponitrile that involves several steps that include a double hydroyanation of 1,3-butadiene wherein at least one nickel(0) catalyst used in a particular process steps is transferred to other process step. The closest prior art is U.S. Patent No. 6,242,633. None of the published processes anticipated, or rendered obvious, the process as described in this application. Therefore, claims 1-16 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement for Reasons for Allowance."
